EARTH HOUR 2024

Earth Hour falls on Saturday, 23 March, from 8:30 to 9:30 p.m.

It's an opportunity for everyone worldwide to power down, making small actions for a significant impact on our planet's future.

At MMT Print, we are committed to finding ways to reduce, reuse, and recycle. This includes cutting back on electricity usage, repurposing paper scraps, and sorting recyclables correctly.

Sustainability and environmental impact are top priorities for us at MMT Print.

In the coming months, we will embark on a significant project in this area.

For more information, contact your MMT Print representative.

Change is inevitable.
